G.O. No. 823, Finance, dated 3rd October 1922.

The scales and pay of the establishment of the Government Press in the technical branches will be revised as shown in the annexed statement. The revision will take effect from the 1st March 1922. This sanction has been registered as No. 152 of 1922–23.

2. With effect from the 1st March 1922, the establishments concerned are declared ineligible for the temporary additions to pay sanctioned in G.Os. No. 700, Finance, dated 2nd August 1920, and No. 780, Finance, dated 28th August 1920.

3. With effect from the same date, no officer may be appointed to officiate in a higher scale and allowed to draw enhanced pay on that account. The Government will, however, be prepared to consider proposals for removing this restriction in regard to particular posts if promotion to the posts involves the assumption of duties or responsibilities of greater importance or of a different character.

4. In giving effect to the revision, the Superintendent, Government Press, should be guided by the following subsidiary instructions :—

(*a*) The initial pay of the existing incumbents should be fixed in consultation with the Accountant-General, in accordance with the rules printed as an annexure to G.O. No. 711, Finance, dated 1st July 1921, but with the modification that one year's increment be allowed. In other words the officers concerned, though they draw no back pay, will be placed in the new scales at the point, which they would have reached had the revision been introduced with effect from 1st March 1921.

In the case, however, of workmen drawing a pay of Rs. 10 to Rs. 13, those who under G.O. No. 478, Finance, dated 20th May 1920, received no increase in emoluments over what they were eligible for under G.O. No. 16, Finance, dated 7th June 1919, or received an increase not exceeding eight annas may be started on a pay calculated as follows :—

Those who received no increase.—Initial pay as fixed according to G.O. No. 711, Finance, dated 1st July 1921, plus one rupee.

Those who received an increase not exceeding eight annas.—Initial pay as fixed according to G.O. No. 711, Finance, dated 1st July 1921, plus eight annas.

(*b*) Promotion from a lower to a higher scale, including selection scales, should not be made as a matter of course, but should depend entirely on efficiency.

(*c*) *Proof-reading branch.*—The practice of taking apprentices should be abolished, the posts being merged in the regular line.

The confidential allowances of Rs. 20 and Rs. 10 will be continued and attached to the posts of two readers, the allowances being termed 'special pay' in future.

The personal allowances drawn by five graduates and one under-graduate will be discontinued, and merged in their pay, the allowances being taken into account in fixing their initial pay in the new time-scales. If appointments of graduates or under-graduates are found desirable hereafter, the Government will be prepared to start them on a higher initial pay than the minimum of the scale to which they are appointed.

[9th October 1928

(*d*) *Supervising staff.*—The posts of head reader and overseer should be filled by men from outside if the men in the department are not efficient enough to justify their promotion to the posts now created.
